

Report on Lecture #2 “Transforming Industries: Harnessing the Power of Industry Cloud Solutions”

Date: 28/08/2023

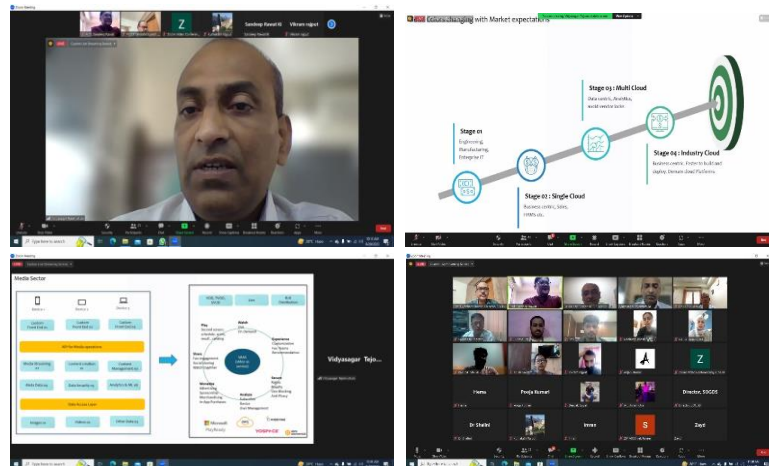

School of Computer and Information Sciences (SOCIS) at IGNOU, New Delhi organized Lecture #2 titled “**Transforming Industries: Harnessing the Power of Industry - Cloud Solutions**” on 28th August 2023.

Today’s expert Mr. T. Vidyasagar, working as Head - Cloud Advisory Services at Tata Consultancy Services has vast experience in the field of Cloud Services, Security and Databases. He's led 30+ Proof of Concepts covering VMs, security, databases, and cloud services. At TCS, Vidyasagar drove Cloud and digital marketing initiatives, fostering innovation through solution architecture, POCs, and skills programs. He's highly regarded for his visionary insights, promoting innovation and consulting in emerging domains. His role as an Advisor and Speaker at events highlights his influential presence in the field.

Prof. Sandeep Rawat, Coordinator (KTS) first expressed his gratitude for accepting the invitation and welcomed all the participants. The session started with the introduction to the resource person Mr. T. Vidyasagar by Prof. P.V. Suresh, Director - SOCIS. Mr. T. Vidyasagar has shared his immense knowledge on Cloud Computing Technology. Mr. T. Vidyasagar explained that Cloud computing is a technology that allows users to access and use computing resources (such as servers, storage, databases, networking, software, and more) over the internet, often referred to as "the cloud." It offers scalability, flexibility, and cost-efficiency, as users can pay for resources on a pay-as-you-go basis.
