Dear learner,

We welcome you to our academic programme Bachelor of Education (B.Ed.). Teacher education has been considered as one of the crucial aspects of education. Several commissions and committees have emphasized quality of teacher education and the need for professional improvement of teachers.

The National Council for Teacher Education (NCTE) has expressed concern regarding standard of teacher education programmes, especially those offered through open and distance mode. A committee appointed by the NCTE as far back as in 1990 felt that teacher education through open and distance mode, if suitably organized, could emerge as a trendsetter. Keeping in view recommendations such as these, the possibilities and technologies available in the distance education system and the existence of a large number of untrained teachers, IGNOU offers the B.Ed. Programme through open and distance learning (ODL) mode. Our B.Ed. programme is duly recognized by the National Council of Teacher Education (NCTE).

This B.Ed. Programme through ODL is different from that in full time/formal programmes. Here the teaching-learning takes place through self-instructional (Print) material and audio/video programmes. Besides this, counseling sessions and practical work/activities are also organized at Study centers as well as at schools, where you will be engaged as interns, to facilitate the teaching-learning process. In addition to this, you have to submit your assignments at a Programme Centre. Feedback will be provided to you on your assignments.

This Programme Guide provides you with the important information about the programme viz., its objectives, structure, mode of delivery, counselling sessions, practical work, internship, workshops, assignments, evaluation, etc.

The information provided in the booklet will help you to organize and systematize your study related to the various components of the programme. This will further facilitate your active participation in the counselling sessions, internship and other practical activities and help you to submit assignments in time. It is expected that you will preserve this handbook to help you clarify your doubts during the programme.

With best wishes

The internship will be held at a secondary/senior secondary school (Work Centre), where the teacher trainee will work as fulltime intern, while the counseling and workshop-based activities will be carried out in the Teacher Training Institutes designated as Programme Study Centres (PSCs).

Print Material

The print materials are study materials for both theory and practical courses of the programme. It is supplied to the students in the form of blocks. Each block contains 3-5 units. Each course has a code number. The print material related to workshop based activities and internship (BESL-131, 132, 133

**Audio and Video Programmes**

The Audio and Video programmes are supplementary, meant for clarification and enhancement of understanding. These are used during counseling and workshop sessions at the programme centre. Besides, the video programmes are telecast on the national network of Doordarshan.

**Assignments**

Assignments are the integral and compulsory component of the instructional system. There is one assignment for each theory course. These assignments are to be submitted to the concerned Programme Centre in accordance with the submission-schedule provided separately in the programme guide. In case a student wants to have assignments, he/she can obtain a copy of the same from the Study Centre or Regional Centre or may download it from the IGNOU website – [www.ignou.ac.in](http://www.ignou.ac.in).

The detailed particulars regarding Programme Centre and Work Centre to which you are attached
will be communicated to you by the Regional Centre.

Practicals will be held in the schools (the work centre) and also in the institutions identified as Programme Centres. As mentioned earlier, in practical courses, the practical work consists of EPC courses, Internship including teaching-practice and school-based activities, Practical-oriented assignments and Activities related to EPC will be carried out in the school i.e., the works centre (the place where the student-teacher is teaching).

The workshop-based practicals will be organised in two practical workshops of 24 days duration, i.e., 12 days each spreading over two years. The two workshops include intensive face-to-face interaction to develop skills and competencies and will be organised at the Programme Centre or at any other suitable place. The student-teachers will have to do practical work and various activities required for the development of teaching skills and competencies in the school after taking due permission from the concerned school under the guidance of the supervisor (teacher educator) and Principal/Headmaster, senior teacher (Mentors). On the whole, A student-teacher is expected to go through approximately 864 hours of contact time. The details of practical work are provided in the Student Teacher handbook.

6. EVALUATION

Evaluation

The system of evaluation, both for theory and practical work, is as follows:

Theory: For theory courses, evaluation comprises three aspects:

a) Self-evaluation exercises within each unit of study (non-credit).

b) Continuous evaluation in the form of periodic compulsory tasks/assignments. This carries a weightage of 30% for each course. One task/assignment in each theory course is compulsory.

c) The term-end examination has a weightage of 70% of the total for each course.

Term-end examinations will be held in June/December every year. But for the candidates of academic year January, 2018, the first term-end examination will be held in December, 2018 only for first year courses. The students will be permitted to appear in the term-end examination for the courses of 2nd year only in December, 2019.

Practical: For Practical courses, evaluation comprises following aspects:

1) Continuous assessment of the activities at school during internship by mentors.

2) Assessment of portfolio and reflective journal of the student-teacher, which is being prepared during internship.

3) Assessment of activities related to EPCs completed during internship and workshop at workshop

4) Assessment of performance in workshops.

5) Assessment during internship by a teacher educator appointed by RC/SOE. SOE will develop essential assessment tools for assessing various activities during internship.

The student will have to obtain at least D grade in each course in both continuous and terminal evaluation separately. However, the overall average should be at least C grade for the successful completion of a course.

If a student has missed any term-end examination of a course for any reason, he/she may appear in the subsequent term-end examination. This facility will be available until a student secures the minimum pass grade, but only up to a period of five years from the date of registration.

- A learner can not attend both the workshops in one year. First year workshop could be attended only after completion of activities during Internship I. similarly, to attend 2nd workshop, completion of all the activities related to internship II will be a mandatory condition.

- Gap of one academic year is mandatory between Ist Workshop and IInd Workshop.

- A learner has to complete all activities related to internship II before attending workshop II i.e. workshop of Second Year.

The letter grade system is used for grading continuous and terminal examination components. These letter grades are:
<table>
<thead>
<tr>
<th>Letter grade</th>
<th>Qualitative level</th>
<th>Point grade</th>
<th>Percent (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>5</td>
<td>80% &amp; above</td>
</tr>
<tr>
<td>B</td>
<td>Very Good</td>
<td>4</td>
<td>60-79.9%</td>
</tr>
<tr>
<td>C</td>
<td>Good</td>
<td>3</td>
<td>50-59.9%</td>
</tr>
<tr>
<td>D</td>
<td>Satisfactory</td>
<td>2</td>
<td>40-49.9%</td>
</tr>
<tr>
<td>E</td>
<td>Unsatisfactory</td>
<td>1</td>
<td>Below 40%</td>
</tr>
</tbody>
</table>

The rounding off decimal point in Grade card/Mark Sheet to the next mark in case decimal point is between 0.5 and 0.9 and no change in case it is between 0.1 to 0.4.

The student will be declared successful if he/she scores at least C grade in theory courses and practical courses separately.

7. GENERAL INFORMATION ABOUT ASSIGNMENTS

Submission of Assignments

The purpose of our asking you to work on the assignment is to test your capacity of transferring the theoretical learning from the courses to practical situations. Thus, the assignments are practical in nature.

The answers are to be based on your own judgement and experience as a teacher. You should not reproduce the text materials or copy the information from other sources. However, you may use the course materials and any other sources of information you have for ready reference. But the answer should be in your own words and should reflect your own ideas. You do not have to worry about non-availability of extra reading materials for working on the assignments. They are designed in such a way so as to guide you to integrate the knowledge of the course materials with your concrete personal experiences. Please note that the assignments carries the weightage of 30% marks towards the final evaluation of theory courses and submission of related assignments is a pre-requisite for appearing in theory term-end examination for respective courses. If you do not complete the assignments, according to time schedule of Assignments of this year, then you have to attempt new assignment(s) of next academic year.

The following points should be kept in mind when you prepare the assignments:

— Make the answer concise and systematic. Always try to avoid irrelevant details and focus on the question and its various aspects.

— Take care of the work limit wherever specified in the assignments. Please stick to the word limit as far as possible. At the same time, make the descriptions adequate and not too short. The word limit is set to sharpen the focus of the responses and not to restrict your expression.

— You have to write the answers in your own handwriting. If you feel that your handwriting is not properly legible, you may send us typed responses.

— Orientation to the assignments will be provided in the workshops. You have to send the assignment responses to the Programme Centre you are attached to (as per the date set for each assignment).
The dates are given in the programme schedule provided later in this booklet. **How to send-in completed ‘Assignment-Responses’ and Other Issues**

1) Write your enrolment no., name and full address and date at the top right hand corner of the first page of your assignment response(s).

2) Write the course title code and assignment code in capital letters in the centre at the top of the first page of your response(s).

(Leave the top left-hand corner blank for office use). The top of the first page of your response(s) should look something like this:

**Course Title ................................................**

**Course Code .............................................**

**Assignment Code .......................................**

Enrol. No ....................................................

Name ...........................................................

Address .....................................................

Date ..........................................................

(Please follow the format strictly. If you do not follow this format we will be obliged to return your responses to you for resubmission. If you do not write your enrolment number and address, your assignment-responses are likely to be lost.)

3) The assignment-response should be complete in all respects. Incomplete responses will bring you poor grades. Don’t send responses piece-meal they may never be put together in our offices.

4) Use only foolscap size paper for your responses. Use ordinary writing paper, not the very thin variety.

5) Leave a 3/2” margin on the left, and at least 4 lines in between each answer in an assignment response. This will enable the resource person evaluating the response to write useful comments at appropriate places.

6) Make sure you answer the questions on the basis of the Units sent to you.

7) You should not send printed articles as your answers to assignments.

8) Please keep a copy of the assignment responses that you send us. You may need this in case you have to resubmit it in a situation when it may have been lost in postal transit.

9) Remember that any two or more answers to a particular assignment, if found to be identical or very similar, will either be returned unmarked or awarded very low grades. It is entirely the discretion of the evaluator to ask you to re-do the assignment or give a very low grade in such cases.
10) Please submit the assignments to the Programme Incharges of the concerned Programme Centre by the specified date. If the last for the submission of assignment falls on a holiday the assignment response should be submitted on the following working day.

Some Do’s and Don’ts about writing assignments

Do’s

- When you receive a set of materials, units and assignments, check them immediately and ask for the missing page(s)/Unit(s)/assignment(s), if any. If you wait till you start writing answers to the assignments, you will lose valuable time.

- Write your Enrolment Number correctly. A slight change in the number may put the University and you to trouble.

- Maintain an account of assignment-responses sent to the concerned Programme Centre and the corrected responses received by you. This will help you to maintain the schedule of your work and avoid any difficulties and disappointments caused by unintended gaps in communication.

- Do your work regularly. You should remember that by working regularly you get a chance to do better in later assignments because you can benefit from comments received on the assignment.

- Before you write to us to answer your queries, do read this Programme Guide carefully. We may already have answered your query/queries. Do follow our instructions carefully.

Don’ts

- Do not write your assignments/letters on thin paper.

- Do not write your enrolment number, course title, etc., on a separate sheet and then paste/pin/tie it to the assignment. Write the enrolment number and the name on the top of assignment-response itself.

- Do not over-write, particularly, while writing your enrolment number and the assignment number. Let these be very distinct and clear.

- Do not remind the Programme Centre concerned to send back corrected responses. These will be sent to you at the earliest possible opportunity, if you follow the deadlines for submitting them.

- Do not misplace/lose your graded assignment-responses. You will need them till the Programme is over.

- Do not enclose doubts for clarification, if any, along with the responses. Send them separately giving your enrolment number, name, address, the title of the course, the number of the unit or the assignment. In case you want to draw our attention to something of urgent/important nature, send it in a separate cover.

- Do not lift sentence(s)/paragraph(s) from the text without giving the reference while answering the assignments.
- Do not get admitted to more than one Programme of the University simultaneously. The University Regulations do not allow it.

**ASSIGNMENT-SUBMISSION SCHEDULE FOR B.ED.**

It will help you to complete the assignment in time if you start working on the assignments as soon as you get the print material. You should pace out your work, in such a way so that the assignment for each theory course is submitted by the date specified in the schedule.

**Please note**

a) There is one assignment for each theory course. A total of 12 theory courses are offered to you.

b) The Assignment Responses (AR’s), may be submitted by hand at your Programme Centre or sent by post to the Coordinator of your Programme Centre.

c) You should retain a copy of all the assignments in your own interest.

d) If the last date for the submission of assignment falls on a holiday, the Assignment Response should be submitted on the following working day.
8. TERM-END EXAMINATION

As stated earlier, term-end examination is another component of the evaluation system. Term-end examination carries 70% weightage in the final result.

The University conducts term-end examinations twice a year i.e., in June and in December. You can take the examination after the completion of the minimum duration of the course i.e. completion of one year from commencement of session for first year exam and completion of two years from commencement of session for second year exam.

You can take the examination of B.Ed. (First year) in December, 2018 itself or you can take the same in December of subsequent years along with B.Ed. (Second year) within the total span of the programme.

In case you fail to get a pass score (D grade) in the Term-end Examination, you will be eligible to reappear in the next Term-end Examination for that course as and when it is held, within the final span of the programme.

To be eligible to appear at the term-end examination in any course, you are required to fulfill the following three conditions:

- You should have opted and pursued the prescribed course.
- You should have completed the submission of assignments for the respective course.
- You should submit the examination form in time.

Examination date sheets (schedule which indicate the date and time of examination for each course) are sent to all the programme centres approximately 5 months in advance. The same is also notified through the IGNOU Newsletter from time to time. Thus, normally, the date sheet for December examination is sent in the month of July.

It is a pre-requisite to submit the Examination Form for taking an examination in any course. Copies of the examination forms are available at Programme Centres/Regional Centres/Students Evaluation Division at Headquarters. A copy is enclosed here in this programme guide.

Examination fee @Rs. 120/- per course in the form of demand draft drawn in favour of IGNOU and payable at concerned Regional Centre is required to be sent along with the Examination Form as per the appended schedule.

After receiving the examination form from you, the University will send the intimation slip 15 days before the commencement of examination. If you do not receive the intimation slip 15 days before the commencement of examination, you may contact your Programme Centre. Even if you have not
received intimation slips or misplaced the intimation slip, you can take the examination by showing your identity card (student card) to the examination centre superintendent.

Your programme centre is normally your examination centre. Change of examination centre is permissible in exceptional cases for which you have to make a request to the Registrar, Student’s Evaluation Division, Block 12, at least one month before the commencement of examination.

Your enrolment no. is your roll no. for the examination. Be careful in writing it. Any mistake in writing the roll no. will result in non-declaration of your results.

It is your duty to check whether you are registered for the course and whether you are eligible to appear, for that examination or not. If you neglect this and take the examination without being eligible for it, your results will be cancelled.

Programme Centre is the contact point for you. The university cannot send communications to all the students individually. All the important communications are sent to the coordinators of the programme centres and regional directors. The coordinators will display a copy of such important circular/notification on the notice board of the programme centre for the benefit of all the students. You are therefore, advised to get in touch with your coordinator for so as to get the latest information about assignment, submission of examination forms, date sheet, list of students admitted to a particular examination, declaration of result, etc. While communicating with the university regarding examinations, please write your enrolment number and complete address clearly. In the absence of such details, your problems may not receive due attention.

On-line submission of Examination Fee

It is an essential pre-requisite for you to submit the Examination Form through online mode for taking examination in any course.

Examination fee @ ₹ 120/- per course is required to be paid through online by Credit/Debit Card. The student can submit On-line examination form as per guidelines through IGNOU website at www.ignou.ac.in.

9. GENERAL INSTRUCTIONS

1) Please file all letters that the University sends you, and keep the Programme Guide handy. A record of your progress is maintained at our Computer Division.

2) Do write to us if you have any difficulties or problems while working through the Programme.
   a) Remember to intimate the relevant authority sufficiently in advance, if there is any change of address.
   b) This will help the concerned official to send your lessons and letters promptly, without any risk of their being lost.

3) All types of communications are attended to as quickly as we can. It is, however, desirable that you make your letters brief and precise. If your letters present irrelevant detail or and are written in ambiguous language, our responses to your queries will invariably get delayed.

4) Keep a time-table schedule for yourself and always try to stick to it. Be regular in your work. Much of your job will become easy.

5) In your own time-table you must make provision for unforeseen difficulties, such as illness, official duties, various social obligations, etc. By doing so, you will save yourself from unexpected delays and forced/unwanted postponements. The golden principle is to do today what you may have planned to do tomorrow.

6) Along with printed materials, the other inputs that you will receive are audio-video programmes, counselling sessions, internship and workshop guidance. On the basis of these inputs you will do practical, write assignments and prepare for the final examinations.

7) When you receive the printed material, read the Units carefully and note down the important points.
   • You can use the space in the broad margin of the pages for making notes and writing your comments. Try to answer ‘Check Your Progress’ questions. Please remember that the answers to these questions are not to be sent to us. The purpose is to enable you to evaluate your own performance and to keep you on the right track. That is why they are called ‘Self-Check’ questions. They will enable you to realize whether you have comprehended what you have read.
   • If you are not satisfied with your answers, do not get disappointed. You can compare your answers with the model answers and see where improvement is needed. (At times, it is possible that you may have a better answer than the one we presented. We welcome your suggestions.) In any case they would help you reinforce the information/knowledge you gain through your first reading of the text.
   • The university reserves the right to change the rules detailed in this Students’ Programme Guide. However, you will be informed about those changes through supplementary circulars well in advance.
