Dear Student,

Welcome to the Certificate Programme in Food & Nutrition offered by Indira Gandhi National Open University. You will naturally be curious to know something about it. Let us, therefore, acquaint you with the University and its system of working.

# 1. INTRODUCTION TO THE UNIVERSITY

Indira Gandhi National Open University was established in September, 1985, under an Act of Parliament. Its aim is to develop a flexible education system in the country. The primary emphasis is on relevance of the courses to our present day society, innovative methods of teaching, cost effectiveness, removal of rigidity and involvement of all sections of society in the educational system. Thus, you see, it is a University with a difference.

The significant features of Indira Gandhi National Open University are:

- Relaxed entry rules
- Study according to the student's own pace and convenience
- Flexibility in choosing a combination of courses from a wide range of disciplines
- Use of modem educational and communication technology, including radio, TV, audio and video tapes.

The University functions with the objective of:

- providing opportunities for higher education to large segments of the population and there by seeking to achieve the educational well-being of the community.
- providing access to higher education to the disadvantaged groups and individuals opening up opportunities for upgrading knowledge and skills.
- bringing higher education to the doorsteps of all those who look for it.
- providing high quality education at the University level.
- promoting both national integration and integrated development of the human personality.

The methodology of instruction under the Open University system is different from the teaching system in the conventional universities. While the lecture mode prevails in the conventional system, the Open University is a learner -oriented system. It would, therefore, require your active participation.

The Open University system has come into existence due to the increased use of all open approach in distance education where the entire operation is based on the use of multi-media learning materials. Since it will be a new experience for you, it is natural that you may have doubts and queries in the beginning as well as at different stages of learning. At such times you may desperately need a person who may look into your problems. Or you may feel like sending some queries/letters to clarify your doubts. It is also possible that for some reason you may he sitate to do so.

# 2. INTRODUCTION TO THE PROGRAMME

Eating is so much a part of life that we tend to assume that we know everything about food. It is generally believed that provision of proper nourishment is mainly a question of income. This is a fallacy, since nutritionally rich foods are available at a reasonable price.

Since food sustains life and accounts for a major portion of our living expenses, it will be useful for everyone to know about:

- The nutrients contained in different items of food
- The needs of the human body in terms of various nutrients at different stages of life
- Consequences of taking more/wrong types of food
- Ways of selecting food articles, and the techniques for processing, cooking and preserving them

The focus of the Programme is to enable you to make the best possible choice for meeting the nutritional needs of your family. At the same time it aims at helping you choose an adequate variety of foods to suit the taste of each individual in your family. In addition, you will learn about the nature of food-borne diseases and the importance of good food habits in preventing them. You will also be acquainted with schemes of quality control, consumer rights, etc.

This programme is being offered in two modes: **Open Distance Learning** (ODL) and **Online** (OL) mode- CFN and CFNOL.

Admission Portal for ODL Programmes: <a href="https://ignouadmission.samarth.edu.in/">https://ignouadmission.samarth.edu.in/</a> Admission Portal for Online Programmes: <a href="https://iop.ignouonline.ac.in/">https://iop.ignouonline.ac.in/</a>

Sometimes students are offered admission in other institutions and/or are selected for employment etc. and they are supposed to submit mark-sheet/grade card within a specified time period. The result will be declared in a period of about one mouth beginning from the date of examination.

# • Re-Evaluation of Answer Script(s)

The students who are not satisfied with the marks/grade secured by them in Term-end Examination may apply for re-evaluation within one month from the date of the declaration of result i.e. the date on which the result is made available on the University website on payment of Rs. 850/- per course in the prescribed application form available on the University website. The better of the two results i.e. original marks/grade and re-evaluated marks/grade will be considered and the revised marks/grades shall be incorporated in the student's record. The revised grade card/marks-sheet will be sent to the students within one month from the receipt of application. Re-evaluation is not permissible for Projects, Practicals and Assignment.

Your study centre is normally your examination centre. Change of examination centre is permissible exceptional cases for which you have to make a request to: The Registrar (SR&E Division), Indira Gandhi National Open University, Madan Garhi, New Delhi 110068 at least one month before the commencement of the examination. The request received at the Headquarters thereafter, will not be entertained.

The Study Centre is the contact point for you. The University cannot send communication to all the students individually. All the important communication is normally sent to the Coordinators of the Learner Supporty Centres and Regional Directors. The Coordinator would display a copy of such important circulars/notifications on the notice board of the Learner Support Centre for the benefit of all the students. You are, therefore, advised to keep in touch with your Coordinator so that you get advance information about assignments, submission of examination forms, date- sheet, list of students admitted to a particular examination, declaration of result etc.

While communicating with the University regarding examination, please clearly write your enrolment number and complete address. In the absence of such details, we will not be able to attend to your problem.

The University normally may require 3 to 4 months to intimate the result of a particular termend examination. *In* the meantime, the dead line for submitting the examination form for reappearing in a particular course may expire. This is applicable only if one fails to get a passing grade. In such cases, it is advisable for you to submit an examination form without waiting for the result. Once you receive your results and if you find that you have passed in that course, you need not appear for that course again.

# **Assignments**

You can download the Assignments for this session from <a href="https://webservices.ignou.ac.in/assignments/">https://webservices.ignou.ac.in/assignments/</a>

You have to do one assignment for each course. All the assignments will be considered for evaluation. Thus, in the Certificate Programme you will have to work on three assignments for three courses. This means that you have to complete three assignments in all. All the assignments are 'Tutor Marked Assignments' (TMAs). This means that the questions will be of the long answer, medium answer and short answer types. Each Assignment will be of 100 marks.

Are you wondering what we expect from you in these assignments?

Assignments constitute the continuous evaluation component of a course. They can be done in your home or work place or library or any other place you think has the right environment. You may consult suitable persons, books, or other sources for the completion of your assignments. An assignment, therefore, is not like writing an answer book in the examination hall. It is, however, equally important as marks are given to assignments after evaluation. As mentioned earlier, the assignments of a course in CFN carry 30 percent weightage. The marks that 'you get in your assignments will be counted in your final result. Therefore, you are advised to attempt your assignments seriously.

The main purpose of assignments is to test your understanding of the learning material you receive from the University. The information given in the printed course material is normally considered sufficient for answering the assignments. Please do not worry about the non-availability of extra reading material for working on the assignments. However, if you have easy access to other books, you may use them. But the assignments are designed in such a way as to help you concentrate mainly on printed course material and your personal experience.

Some of the assignments are knowledge based and some are of applied nature. Assignments which are knowledge based will require you to write short answers. For answering applied type of assignments as in the case of Practical Activities, you should apply the knowledge you have gained by going through a Unit/Block/Course. In either case, the answers should be your own. You must not reproduce text material as such or copy the information from other sources. However, you can make use of the material and information you have at your disposal in an innovative way. You can pick up ideas from whatever sources you may have. However, plan and use them in your own words when you write the answers to the assignments.

The following guidelines have to be strictly practised when you work on the assignments:

- The answer should be precise and relevant to the question. Include appropriate examples where you can.
- Keep the word-limit of the answer in mind. A slight variation in length does not matter. But your answer should not be too short or too lengthy. Avoid discussing minor issues at great length. By setting a word-limit for some of the assignments we mean to convey that a reasonably adequate response can be presented within the suggested word-limit.
- The assignments you have attempted should be complete in all respects. Before submission you should ensure that you have answered all the questions in assignments. Incomplete responses will bring you poor marks.
- You must submit your assignments according to the schedule indicated in the assignments.

The University/Coordinator of the Study Centre has the right to reject the assignments received after the due date. You are, therefore, advised to submit the assignments before the due date. In case you get the assignments and study material the assignment responses should be submitted within one month of the date of receipt of study material and assignment or within the due date given in this schedule whichever is later.

- For your own record, retain a copy of all the answers to assignment which you submit to the Coordinator of your Study Centre. If you do not get back the evaluated tutor marked assignments within a month of their submission, please try to get them from your study centre personally. This may help you to improve the answers to your future assignments.
- Maintain an account of all the corrected responses to assignments received by you after evaluation. This will help you to correspond with the University in case any problem arises in future.
- If you are unable to submit the assignments or are unable to score the minimum qualifying marks, you have to collect, attempt and submit the assignments meant for the next batch of students. The new assignments can be downloaded from IGNOU website.
  - In case you find that the score indicated in the assignment sheet of your assignments has not been correctly reflected in your grade card you are advised to contact the coordinator of your study centre with a request to forward correct authenticated award list to the Registrar (SR&E Division) IGNOU.
- Once you get the pass grade in an assignment, you cannot re-submit it for improvement
  of grade. Assignments are not subject to re-evaluation except for factual errors, if any. The
  discrepancy noticed by you in the evaluated assignments should be brought to the notice
  of the Coordinator of the Study Centre.
- Do not enclose or express doubts for clarification, if any, along with the assignments. Send requests for seeking clarifications in a separate cover to:

Registrar (SR&E Division), IGNOU Maidan Garhi, New Delhi - 110 068.

Always give your complete enrolment no., name, address, title of the course, and the number of the unit or the assignment, etc., on the top of your letter.
