If you do not get a passing grade in any assignment, you have to submit it again. However, once you get the pass grade in an assignment, you cannot re-submit it for improvement of grade. Assignments are not subject to re-evaluation except for factual errors, if any, on the part of the evaluator. The discrepancy noticed by you in the evaluated assignments should be brought to the notice of the Coordinator of the Study Centre, so that he/she forwards the correct score to the Student Registration and Evaluation Division (SR & ED) at the Headquarters.

It is your duty to check whether you are registered for a particular course and whether you are eligible to appear for that examination or not. If you neglect this and take the examination without being eligible for it, your result will be cancelled.

Although all efforts are made to declare the result in time, there will be no binding on the University to declare the results of the last examination before commencement of next examination. You are therefore, advised to fill up the examination form without waiting for the result and get it cancelled at a later date if so required.

Early Declaration of Result

In order to facilitate the students who have got offer of admission and/or selected for employment etc. and are required to produce marks-sheet/grade card by a specified given date may apply for early processing of their answer scripts and declaration of the results for this purpose. The students are required to apply in the specified format which is available in this Programme Guide with the prescribed fee. The students can submit their request for early declaration before the commencement of the Term-end Examination, i.e. before 1st June and 1st December respectively. The University in such cases will make arrangements for processing the answer scripts and declare the result as a special case.

Re-evaluation of Scripts

There is provision for re-evaluation of answer scripts. The students can apply in the prescribed form which is available in the Programme Guide for re-evaluation of answer script against payment of Rs.300 per course by means of demand draft drawn in favour of IGNOU, New Delhi within one month of the date of declaration of result.

Study Centre is the contact point for you. The University cannot send communication to all the students individually. An the important communications are sent to the Coordinators of the Study Centres and Regional Directors. The Coordinators would display a copy of such important circular/ notification on the notice board of the Study Centre for the benefit of all the Students. You are therefore, advised to get in touch with your Coordinator for day-to-day information about assignments, submission of examination forms, date-sheet, list of students admitted to a particular examination, declaration of result, etc.

You can also check your result on internet at our website www.ignou.ac.in.

While communicating with the University regarding examination, please clearly write your enrolment number and complete address. In the absence of such details, we will not be able to attend to your problems.

6. TIPS FOR EFFECTIVE LEARNING IN OPEN UNIVERSITY

How to Approach your Studies: It would be beneficial for you to go through the Programme Guide as well as the Handbook provided by the University. This will help you to know exactly about the facilities being extended and how you can make best use of these in your learning.. This will provide you an idea of what to expect from the system and how best to use the support being provided.

Quasi-permanent Separation: To bridge your semi-permanent separation from your counsellor and to enable you to take advantage of the flexibilities provided in the Open Distance Learning (ODL) system, provision for Face-to-Face interaction has been made. Moreover, you can contact your teacher at the Headquarters through phone and e-mail. However, the onus of learning is on you. You must make full use of the flexibility, facilities, and invectiveness provided by the system.

Adhere to the Schedule of Operations: Various activities in the ODL system are time bound and the details are given in the Programme Guide and the Handbook sent to you. Adherence to the Schedule of Operations shall help you enormously in completion of the Courses. As a thumb rule, if you study three hours a day regularly, you should be successful in completing the course in the minimum stipulated time.

Studying at your Pace and Place: You can learn at your pace and place, but it would help if you periodically revise what you have learnt. This would also enable you to assess as to how much remains to be done. The Distance Education system provides for all in-built teacher the Self Instructional Material (SIM). Your pace of learning could be faster and effective if you abide by the instructions given to you in the SIM, and follow the sequence and steps suggested therein, as the objective of these access devices is to regulate your pace of learning.

Taking Notes: In SIMs, some space has been provided to take important notes. You should identify keywords/terms, and put remarks while going through it. This facilitates cross-referencing. You must answer/solve problems in the Activity yourself, for better understanding and preparation for the examination.

Using Media Effectively: Audio-visual learning is faster and can be more effective. That is why multi-media is one of the integral components of our multiple media instructional package. For complementing your learning with the help of multi-media effectively, you should visit your Study Centre for counselling and insist that your counsellor shows AN programmes. Such visits will also help you obtain the latest information on broadcast and telecast of programmes and tele- conferences. Now IGNOU has a 24 hr. TV Channel ‘Gyan Darshan,’ and a countrywide network of PM radio stations. You should contact your cable operators to beam Gyan Darshan. In case, it is not possible for you to visit your SCs for some reason, you can procure these cassettes/CDs from the University for convenient viewing.

Preparing Assignment Responses: The separation between the teacher and the taught in the ODL system is bridged through dialogue established by continuous assessment. Your assignment responses provide an opportunity to your counsellor to guide you and pace; your learning depending on your progress. Therefore, you must write your assignment yourself, in your words depending on the scope of every question. In some questions, you might be required to give a brief outline, while in others you may be asked to give your justifications/demonstrate your skills and knowledge/give detailed description, etc. It is also possible that you may be required to refer to a particular source of information or data and present your analysis. You may also discuss implications and suggest application and/or give illustrations.

When you have answered the assignments, pause for a while and recheck your response to make sure that:

The language is your own, simple and comprehensible;

It covers all relevant aspects and is with expected details;

The content is accurate and relevant;

The presentation is logical and clear;

The main points are well supported by examples/arguments/illustrations; and

The response has been legibly written.

You must keep a copy of all assignments and file them in order, separately, for each Course. While submitting your assignment at your Study Centre, you must insist on obtaining acknowledgement. In case you send your assignment by post, keep the registration slip as evidence. In case of any difficulty or unconvincing response at the Study Centre, please contact your Regional Centre or the Headquarters. Normally, you should obtain your Tutor Marked Assignment within 45 days. In case you do not receive your evaluated TMAs with tutor comments in the stipulated period, you should check with the Study Centre Coordinator. Once you receive the evaluated assignment responses, go through the tutor comments. A careful reading of the comments should give you an idea as to how you can improve your responses in future.

Learning from Counselling and Peer Group: In order to make the best use of the counselling sessions, you should have read the relevant Units before going for the counselling session. This will enable you to have useful interaction with your counsellors and peer group. Participate in the discussion with an open mind. Take note of important points identified by other peer group members and the counsellor. Do not hesitate to clarify doubts, even if they are trivial.

Taking the Term-end Examination: In our system of education, career prospects are influenced by the performance in examinations. So, you should approach examinations with some caution. However, this should not cause anxiety. Another important point to be kept in mind is that you must submit your assignments as per schedule before the examination.

Preparing for the Examinations: The surest way to success in examinations is to conscientiously employ effective study techniques over a period of time. For example, if you follow the tips provided here, your chances of success will improve. You will certainly remember more, have a better understanding, and be able to organise your ideas quickly and effectively.

On the Examination Day: When you receive the question paper:

Read the instructions and the question paper right through very carefully, paying attention to each question;

Be objective, and assess what precisely the questions demand of you;

Budget your time, that is, you should carefully allocate your time according to the weightage given to each question; and

Plan your answer and form a sense of priority.
