Agenda Item No. 8.10 To consider and approve the proposal for the practical training component of PGDRP, PGDAPP and CCR of SOJNMS at Gyan Vani.

The programme Coordinator, Dr. O.P. Dewal presented the agenda item and explained to utilize the Gyan Vani network of IGNOU which has been developed in past few years and there are 37 independent full-fledged stations broadcasting programmes.

Dr. Dewal proposed that to facilitate the practicals of PGDAPP & PGDRP, the Gyan Vani stations may be used. He further informed the Board that IGNOU signed an MoU with All India Radio which came into effect from August 2009. According to the MoU All India Radio is responsible to conduct the practical training of these courses at select stations of AIR throughout the country. They charge half of the fees of each student as per the agreement.

He further informed the Board that MoU was valid for a period of three years and is going to come to an end in August 2012. It has been observed that this arrangement worked smoothly for first few years of its inception but of late several problems have cropped up in conduct of practical as per the existing arrangement.

In the light of above, it is propose to utilise the Gyan Vani network of IGNOU which has been developed in past few years and now 37 independent full-fledged stations are broadcasting programmes. Dr. Dewal suggested to utilise a few of the stations where the facilities for production are in place. The proposal has been discussed with the Director EMPC, E-in-C looking after Gyan Vani and Consultant, Gyan Vani. After the discussions following stations of Gyan Vani are proposed to be considered as practical training centres for PGDAPP, PGDRP and CCR (Ahmedabad, Bangalore, Coimbatore, Lucknow, Kochi, Guwahati, Vishakapatnam, Indore, Jabalpur, Kolkata, Madurai, Mysore, Chhatisgarh, Patna and Rajkot) If need arise, the School may take

care of the payment for the external resources (like resource person/trainer, examiner etc.) as per the norms of SOJNMS, for smooth conduct of practical for a duration of 15 days.

The Board while approving the item observed that the proposal needs some fine tuning and may be finalised in consultations with EMPC and subsequently be placed for necessary approval of the competent authority.

Agenda Item No. 8.11 To consider and approve the proposal to grant a grace period of two year to complete PGDRP to students enrolled in 2005 & 2006

The programme Coordinator Dr. O.P. Dewal while presenting the proposal explained that the P.G. Diploma in Radio Programme was originally launched and co-ordinated by SOH which came to SOJNMS in April 2009 when it was handed over to the school. The programme has a compulsory component of practical which is being handled by All India Radio (AIR) through a memorandum of understanding. The first MOU with A.I.R. came to an end in August 2008 and it was renewed in August 2009. During this period (more than a year) no practical could be conducted for PGDRP & PGDAPP as there was no MOU with A.I.R. in operation. Even after signing of MOU the practical could take place only in September 2010. In the meantime, the PGDRP course was discontinued by the university from 2009, but already registered candidates had an option to finish it within a period of 4 years.

He clarified that since we could not offer any opportunity for practical from August 2008 to September 2010 a proposal was put up before the competent authority to grant a grace period of two years to the students who got enrolled in 2005 and 2006, to complete the programme. It was suggested by ACD to move the proposal thorough School Board and Academic Council.

The Board observed that this proposal needs to be drafted carefully so that the students do not suffer because we are not able to conduct practical training on time. It was pointed out that an opportunity should be given to the students to complete the programme.

The Board considered the proposal and discussed it form all possible angles. It was suggested to the programme coordinator to move individual cases for one time approval of the competent authority where students have suffered because of non availability of the facility to complete the programme. The Board recommended that since there is a clear cut gap of more than two years where IGNOU could not provide any opportunity to individuals to complete the practical component of their programme, therefore the students enrolled in these two years i.e. 2005 and 2006 were most affected and should be allowed two more years in addition to regular

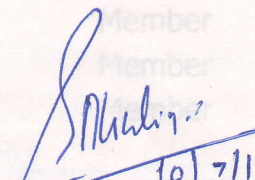

period to complete the programme. Any other student enrolled in these two years, if represents in future his/her case may be dealt on the same lines.

With these observations and recommendations, the Board approved the proposal.

Agenda Item No. 8.12 To consider and approve the list of Paper Setters/Evaluators/ Moderators for MA in Journalism and Mass Communication (full time F2F) and list of External Experts for MA(JMC) and MA (EMPM)

The Board members observed that relevant guidelines/manual may be consulted while recommending the names of paper setters/evaluators/moderators. It was further pointed out that designation and the organisation also need to reflect in the proposal. The Board considered and approved the proposal.

The meeting ended with the vote of thanks to the chair.
