

A Report on Follow-up workshop on Developing Web Enabled Academic Support System to the Distance Learners

NCIDE has introduced an innovative initiative of providing web enabled academic support to the student of various low-enrollment programmes through the various Schools. In this context, NCIDE organized a seven-day Faculty Development Programme for the faculty members of IGNOU on ‘Innovative Use of ICT Tools for Providing Web Enabled Academic Support for Distance Mode Programmes’ during January 8-14, 2020. Further, in continuation to this, several follow-up meetings were organized to review, edit and update Web enabled academic support portals for various programmes.

To review the progress of the development of Web enabled academic support portals, a half-day follow-up workshop was organized on 28th Feb. 2020. In this workshop, the participants worked on the finalization of their respective programme web portals. The finalization and update work for the programme portals and programme promo pages of various programmes was taken up.

NCIDE faculty and Coordinators of WEAS interacting with various Programme Coordinators during the workshop
