Training Programme on 'NEP 2020: Holistic and Multidisciplinary **Education- Implications for ODL System'**

(21-23 March, 2022)

Background

Open and Distance Learning caters to the educational needs of a large group of people who are deprived to receive education due to some or other reasons. Indira Gandhi National Open University (IGNOU) has been committed to provide education to all such sections and categories by offering more than 200 programmes across the globe with the help of 67 Regional Centres (RCs) and more than 2000 Study Centres (SCs) in India and abroad. Beside, the university through Staff Training and Research Institute of Distance Education (STRIDE) has been engaed in capacity building and professional development of functionaries working with state open universities, Dual mode universities and private open universities and IGNOU. These training programmes have been in training with demands and changing policy perspectives.

Presently the National Education Policy 2020 and its implementation is being given high priority by IGNOU and meaningful steps are being taken by the University. One of the major area which is under focus is holistic and multidisciplinary education in ODL. IGNOU as a primeir ODL institution has about 64 multidisciplinary programmes and about 120 interdisciplinary programmes (NEP Task Force, IGNOU-2021). Keeping in view the emphasis on multidisciplinary approach, the three days training programme on "NEP 2020: Holistic and Multidisciplinary Education- Implications for ODL System" is proposed to be
