

Indira Gandhi National Open University
Staff Training and Research Institute of Distance Education (STRIDE)
in collaboration with Electronic Media Production Centre (EMPC)

Six Days Short Term Programme on
'NEP-2020: Design and Development of Audio/ Video Programmes'

Date: 23rd -28th May 2022 (Through Face to Face & Online Mode)

About the STP

In the ODL system, the programmes are offered through both print and non-print media. Audio/video programmes play an invaluable role in reducing the distance between the learner and teacher. IGNOU has designed its teaching-learning system based on self learning materials (SLM) as well as electronic media. The Electronic Media Production Centre (EMPC) was set up for this purpose. The development of A/V resources by faculty requires special training as these have a mass appeal and are available to not just learners but also the public at large. Therefore, there is a need for ensuring that there is high quality in the development of these resources. IGNOU has recently recruited new faculty and there is a need to train them in the design and development of A/V programmes.

STRIDE is the professional staff development institute and organizes capacity building programmes for upgrading skills of ODL teachers. STRIDE has recently been granted UGC approval for conducting Short Term Programmes, Refresher course and Faculty Induction Programmes equivalent to similar programmes run by UGC- HRDCs. In line with this, STRIDE in collaboration with EMPC had designed a 'Six Days Short Term Programme on 'NEP-2020: Design and Development of Audio/ Video Programmes'

Learning Outcomes

The learning outcomes of this STP are as follows:

- To introduce the role of multimedia in ODL, specially in the context of NEP 2020.
- To design multimedia and understand its pedagogy.
- To develop script writing skills for audio and video presentations, and develop on camera presentation skills.
- To explain the technical aspects of camera and other devices.
- To practice teaching-learning through hands on audio and video training.

प्रो. अनिता प्रियदर्शिनी / Prof. Anita Priyadarshini
आचार्य, दूर शिक्षा / Professor, Distance Education
सुहाड़ / STRIDE

प्रो. संतोष पांडा
निदेशक, सुहाड़, इग्नू, नई दिल्ली-68
Prof. Santosh Panda
Director, STRIDE, IGNOU, New Delhi-68

Participants

The STP includes new faculty as participants from different Schools for this intensive 'hands on' STP. There are 22 participants in this programme.

Dates and venue

The STP is being held from 23rd -28th May 2022. The venue shall be Conference Room, COE, STRIDE, Preview Theatre EMPC, IGNOU. The STP shall be held in blended mode.

Methodology and Resource Persons

The STP shall be conducted by faculty from STRIDE, and media specialists from EMPC. The methodology shall be directed towards enhancing theoretical and practical knowledge with hands on training in EMPC audio-video studios. There would be 60% hand on training in this programme.

Expected outcomes

It is expected that each participant will be able to identify one topic for designing a Audio/Video programme based on instructional design principles. The long term outcome shall be to develop audio/video courses based upon knowledge and skill acquired in this STP

STP Coordinators

Programme Director is Prof. Santos Panda, Director, STRIDE

Programme Coordinators are Prof. Anita Priyadarshini & Dr. Ram Chandra, STRIDE

प्रो. अनिता प्रियदर्शिनी / Prof. Anita Priyadarshini
