Virtual Online Training Workshop on Use of WEAS Portal for BSc
(General) Programmes of SOS

NCIDE conducted an online Training Workshop on use of WEAS Portal for Programmes of SOS for the faculty of School of Sciences (SOS) on 10th April, 2020. The main objective of the workshop was to enable the discipline coordinators to use various easily available ICT tools to finalise their discipline sites.

Around 14 participants were present in the training programme. The participants were introduced the WEAS portal and how the various ICT tools can be used to reach out to the distance learners through online mode.
